BRITISH JOURNAL OF PLASTIC SURGERY

Subject Index

A

Abdomen, thin adipose layer, umbilicoplasty, 386
Adipofascial flaps
  distally based medial, reconstruction of soft tissue defects of lower leg, 132
  extracorporeal, for restoration of facial contour in progressive hemifacial atrophy, 54
  link pattern (letter to editor), 142
Advertising, 381
Allopurinol, effect on experimental ischaemic island skin flap survival, 155
Anaesthetics, Eutectic Mixture of Local Anaesthetic *see* EMLA
Angiogenesis, quantitative study of promoters, freeze-injured skin graft model, 349
Antithrombotic agents, role in microvascular surgery, 20
Areolar tissue, perivenous, role in viability of venous flaps 10, 583 (letter to editor), 583 (letter to editor)
Arm, reverse lateral flap based on interosseous recurrent artery, for cubital fossa burns, 341
Arteriovenous fistulas, afferent, experimental venous flaps, direct monitoring of microcirculation, 554
Aspirin, role in microvascular surgery, 20
Audit, outcome, Cambridge Classification, 122
Axial pattern flaps, neurocutaneous island flaps (letters to editor), 489
Axilla, scapular skin island flaps in treatment of postburn scar contractures, 108

B

Blood flow
  experimental venous flaps with afferent arteriovenous fistulas, 554
  local regulation by perivascular nerves and endothelium, 527
Bodymap, measurement of breast asymmetry, 95
Bone grafts, vascularized iliac, based on pedicle of upper lumbar vessels, for anterior fusion of thoraco-lumbar spine, 425
Breast
  congenital asymmetry, assessment, 95
  fat necrosis following reduction surgery, 560
  implant rupture
    by mammography (letter to editor), 512
    ultrasound diagnosis, 477
  reconstruction
    free deep inferior epigastric perforator flap anastomosed to internal mammary artery, 495
    TRAM flap, Fleur de Lys modification, 521
  see also Mammaplasty
Breastfeeding after reduction mammaplasty, 167
Burns
  contractures
    axilla, scapular skin island flaps, 108
    seven flap-plasty, 372
  cubital fossa, reverse lateral arm flap based on interosseous recurrent artery, 341
  electrical, upper extremity, 331

C

Carcinoma
  basal cell, Mohs surgery (letter to editor), 206
  squamous cell
    congenital naevus (case report), 138
    nasolabial flap used in treatment of oral submucous fibrosis (letter to editor), 388
    pinna, 81
Caudal appendage, 288
Cephalic venous flaps, histological and carbon perfusion study, 263
Cervicopectoral rotation flap (letter to editor), 68
Cheiloplasty, augmentation, 257
Chest wall defects, reconstruction, "turbo charging" of vertical rectus abdominis myocutaneous flap, 103
Children, hand surgery, decision-making by parents and children, 324
Chondro-mucosal flap, island, eyelid reconstruction, 57
Cold storage of veins, effect on subsequent structure and function of microvenous autografts, 548
Computer game as aid to nasendoscopy (letter to editor), 512
Computerized tomography
  CT-guided 3D models (letter to editor), 388
  CT-guided stereolithography in craniofacial surgery (ideas and innovations), 60
Consent to surgery, 30
Contractures
  burn scars *see under* Burns
  seven flap-plasty, 372
Craniofacial surgery, CT-guided stereolithography (ideas and innovations), 60
Craniosynostosis
  fronto-orbital re-operation, 180
  timing of treatment, 211
Cross-facial nerve grafts, facial palsy, recovery after, 312
Cubital fossa burns, reverse lateral arm flap based on interosseous recurrent artery, 341

D

Dawson, Dick, obituary, 203
Debridement, use of brushes (letter to editor), 207
Decision-making by parents and children in paediatric hand surgery, 324
Delay, value in flap prefabrication, 149
Dermofascietomy for Dupuytren's contracture, long term follow up, 440
Desmoid tumours, tamoxifen treatment, 378
Diabetes mellitus, flap tolerance to ischaemia, 15
Digits
  multiple amputations, selective replantation with ulnar translocation, 318
  volar aspect, palmar V-Y reconstruction of proximal defects, 35
Drug delivery, lactic acid polymer system, 158
Dupuytren's contracture, dermofascietomy, long term follow up, 440

E

Earlobes, split, repair (letter to editor), 293
Ears
  congenital deformities, splint correction, 575
  prominent
    correction, day-case surgery, survey of practice (letter to editor), 581
    evolution of deformity, 573
  reconstruction of scaphoid fossa with retroauricular flap after

Dupuytren's contracture, dermofascietomy, long term follow up, 440

E

Earlobes, split, repair (letter to editor), 293
Ears
  congenital deformities, splint correction, 575
  prominent
    correction, day-case surgery, survey of practice (letter to editor), 581
    evolution of deformity, 573
  reconstruction of scaphoid fossa with retroauricular flap after

tumour resection, 285
Stahl's deformity, simple surgical correction, 570
EMLA
pain control during laser therapy, 112
suture removal following cleft lip repair (letter to editor), 206
Endothelium, local regulation of blood flow, 527
Epigastric flaps, deep inferior perforator, anastomosed to internal mammary artery, use in breast reconstruction, 495
Epiphyseal plate transplantation, historical review, 563
Erratum (Cleft palate re-repair, clinical and radiographic study, 406) 589
Ethics and plastic surgery
advertising and boundary disputes, 381
consent, 30
foetal surgery, ethical and legal perspective, 411
rationing and resource management 162, 584 (letter to editor), 584 (letter to editor)
surgical research, 90
training in, 507
Eutectic Mixture of Local Anaesthetic *see* EMLA
Extracorporeal tissue transfer, restoration of facial contour in progressive hemifacial atrophy, 54
Eyelid reconstruction, island chondro-mucosal flap and skin graft, 57

F

Face
bones, standard CT-guided 3D models (letter to editor), 388
contour, restoration in progressive hemifacial atrophy, use of extracorporeal fascia-fat flap, 54
deformities, correction with pericranial and osteopericranial flaps, 230
paralysis, recovery after crossed facial nerve grafts, 312
progressive hemifacial atrophy *see* Hemifacial atrophy, progressive reconstruction, cervicopectoral rotation flap (letter to editor), 68
Face lifts, use of sprayed fibrin glue, 306
Faciocraniosynostosis, timing, 211
Fascia-fat flaps *see* Adipofascial flaps
Fasciocutaneous flaps
free posterior tibial artery, use in reconstruction of limb defects, 502
sliding, 369
Fat
autografts expanded by tissue expanders, free transplantation, 470
necrosis following breast reduction, 560
Fibrin glue, sprayed, use in face lifts, 306
Fibroblast growth factor, basic (bFGF), effect on angiogenesis in freeze-injured skin graft model, 349
Fibroblasts, effect of tamoxifen, 378
Fibromatosis, musculoaponeurotic (agressive) *see* Desmoid tumours
Fibula
osteocutaneous free flap, reconstruction of total maxillectomy defect, 247
sensate osteoseptocutaneous flap, 544
Fingers
dorsal defects, homodigital subcutaneous flap, 435
multiple amputations, selective replantation with ulnar translocation, 318
palmar V-Y reconstruction of proximal defects of volar aspect, 35
V-Y closure of injuries, use of extended palmar advancement flap, 275
Fluorescein, use to predict survival of free jejunal transfer after disruption of arterial pedicle, 375
Foetus
inflammatory response in sheep, reaction to subcutaneous infection of turpentine and carrageenan, 360
surgery, ethical and legal perspectives, 411
Forearm
flaps
median, 272
radial *see* Radial forearm flaps
neurocutaneous axial island flaps (letters to editor), 489
Free flaps
fibula osteocutaneous, reconstruction of total maxillectomy defect, 247
posterior tibial artery fasciocutaneous, use in reconstruction of limb defects, 502
scapular, lateral extension, 268
Freeman-Sheldon syndrome, surgical correction of microstomia (case report), 201
Fronto-orbital advancement, craniosynostosis
re-operation, 180
timing, 211
Frontonasal flaps (letter to editor), 292

G

Gastrocnemius muscle, use of pedicled musculotendinous unit as bridge graft in reconstruction of quadriceps apparatus following open injuries to knee joint, 190
Glue, fibrin *see* Fibrin glue
Gluteus maximus muscle, musculocutaneous island flap, treatment of ischial pressure sores, 431

H

Hands
electrical burn injury, 331
reconstructive surgery in children, decision-making by parents and children, 324
Head and neck cancer, MRI scanning in lymphadenopathy diagnosis, 175
Health Measurement Questionnaire, outcome measurement of low-priority plastic surgery, 117
Heels, device to protect skin grafts (ideas and innovations), 65
Hemifacial atrophy, progressive, restoration of facial contour using extracorporeal fascia-fat flap, 54
Hernias, leg muscle, repair with Marlex mesh, 444
Holbrook, Leonard Alfred, obituary, 67
Hyaluronan, distribution in human skin, hypertrophic and keloid scars, 483
Hypoglossia congenita with anterior maxillo-mandibular fusion (case report), 139
Hypospadias repair
one-stage, with bipaddled preputial island flap, 241
using split preputial flap technique (Harris), long term review, 236

I

Iliac bone grafts, vascularized, based on pedicle of upper lumbar vessels, for anterior fusion of thoraco-lumbar spine, 425
Implants, breast
rupture by mammography (letter to editor), 512
ultrasound diagnosis of rupture, 477
Infection, total knee prosthesis, use of muscle flaps for salvage, 42
Inflammatory response, foetal and adult sheep, reaction to subcutaneous injection of turpentine and carrageenan, 360
Ischaemia, flap tolerance to diabetes mellitus, 15
Island flaps
bipaddled preputial, one-stage hypospadias repair, 241
chondro-mucosal, eyelid reconstruction, 57
effect of allopurinol on experimental ischaemic skin flap survival, 155
musculocutaneous, gluteus maximus, treatment of ischial pressure sores, 431
neurocutaneous axial, forearm (letters to editor), 489
scapular skin, in treatment of axillary postburn scar contractures, 108

J

Jejunum, free transfer, disruption of arterial pedicle, use of fluorescein to predict survival, 375

K

Keloid, hyaluronan distribution, 483
Ketorolac, effects on microvascular thrombosis (letter to editor), 68

Knee
reconstruction of quadriceps apparatus following open injuries, use of pedicled gastrocnemius musculotendinous unit as bridge graft, 190
total arthroplasty, use of muscle flaps for salvage after infection, 42

L

Lactic acid polymer drug delivery system, 158
Laser therapy, flashlamp pulsed dye laser, pain control, 112
Latissimus dorsi muscle, musculocutaneous flaps, reconstruction of cervico-thoracic oesophagus using tubed pedicled flap (case report), 199
Law, foetal surgery, 411
Legs
lower, sliding fasciocutaneous flaps, 369
multiple muscle hernias, repair with Marlex mesh, 444
reconstruction of soft tissue defects of lower leg with distally based medial adipofascial flap, 132
Limb defects, reconstruction with free posterior tibial artery fasciocutaneous flap, 502
Lips
augmentation cheiloplasty, 257
cleft
lip posture and mouth width in children with unilateral cleft lip, 301
suture removal, use of EMLA (letter to editor), 206
lower, vermilionplasty using medical tattooing after radial forearm flap reconstruction of lower lip, 422
upper, lifting using single extensive incision, 50
Loupes, improving comfort (letter to editor), 206

M

Magnetic resonance imaging (MRI), diagnosis of cervical lymphadenopathy, 175
Mammaplasty, reduction
breastfeeding after, 167
fat necrosis following, 560
Mammography, implant rupture (letter to editor), 512
Mandible, fractures, relationship between fracture severity and complication rate in miniplate osteosynthesis, 310
Marlex mesh, repair of multiple muscle hernias of leg, 444
Maxilla, total reconstruction with fibula osteocutaneous free flap, 247
Maxillo-mandibular fusion, hypoglossia congenita (case report), 139
Melanoma, malignant
stage 1 cutaneous, resection margins (letter to editor), 582
thick cutaneous, width of excision (letter to editor), 581
Microstomia, Freeman-Sheldon syndrome, surgical correction (case report), 201
Microvascular surgery, role of antithrombotic agents, 20
Microvascular thrombosis, effects of ketorolac (letter to editor), 68
Mohs surgery for basal cell carcinoma (letter to editor), 206
Mouth, submucous fibrosis, nasolabial flaps for, squamous cell carcinoma in (letter to editor), 388
Muscle flaps, salvage of failed total knee arthroplasty, 42
Muscle hernias, leg, repair with Marlex mesh, 444
Musculocutaneous flaps
gluteus maximus, in treatment of ischial pressure sores, 431
latissimus dorsi, reconstruction of cervico-thoracic oesophagus using tubed pedicled flap (case report), 199
transverse rectus abdominis, breast reconstruction, Fleur de Lys modification, 521
turbo-vertical rectus abdominis, reconstruction of extensive chest wall defects, 103

N

Naevus, congenital, squamous cell carcinoma (case report), 138
Nasendoscopy, help from computer game (letter to editor), 512
Nasolabial flaps
subcutaneous pedicled, circumferential lining of nasal vestibule, modified method, 447
in treatment of submucous fibrosis, squamous cell carcinoma in (letter to editor), 388
Neck, MRI scanning in lymphadenopathy diagnosis, 175
Neovascularisation, secondary skin flaps, 1
Nerve grafts, with removal of epineural sheath, in end-to-side neurorrhaphy, 75
Neurorrhaphy, end-to-side, with nerve graft bridge, 75
Nipples, inverted, use of 'Niplette' for non-surgical correction (ideas and innovations), 46
Nose
cleft lip, secondary correction in bilateral deformity by excision of columellar forked flap and nasal remodelling with reverse-U flaps, 490
nasal vestibule, circumferential lining using modified subcutaneously pedicled flap, 447

O

Obituaries
Dawson, Dick, 203
Holbrook, Leonard Alfred, 67
O'Brien, Bernard McCarthy, 204
O'Brien, Bernard McCarthy, obituary, 204
Oesophagus, cervico-thoracic, reconstruction with tubed pedicled myocutaneous pedicled flap (case report), 199
Oromandibular reconstruction, sensate fibula osteoseptocutaneous flap, 544
Osteocutanoeus flaps, free, reconstruction of total maxillectomy defect, 247
Osteopericranial flaps in correction of facial deformities, 230
Osteoseptocutaneous flaps, sensate fibula, 544
Otoplasty, morbidity, 170
Outcome *see* Plastic surgery, outcome

P

Palate
cleft
re-repair, clinical and radiographic study, 406 (Erratum, 589)
repaired, image analysis of lateral velopharyngeal closure, 400
submucous, pattern of palatal rugae, 395
tongue flap repair (letter to editor), 294
rugae, pattern in submucous cleft palates and isolated cleft palates, 395
velopharyngeal closure, image analysis in repaired cleft palates and normal cleft palates, 400
Pericranial flaps in correction of facial deformities, 230
Perivascular nerves, local regulation of blood flow, 527
Perivenous tissue, role in viability of venous flaps 10, 583 (letter to editor), 583 (letter to editor)
Peroneal nerve palsy, persistent traumatic, new approach, 185
Pinna, squamous cell carcinoma, 81
Plastic surgery
boundary disputes, 381
outcome audit: Cambridge Classification, 122
outcome measurement in low-priority surgery using Quality of Life indices, 117
Port wine stains, laser therapy, pain control, 112
Prefabrication of flaps
value of delay phenomenon, 149
"vascular crane" principle, 250
Preputial flaps, hypospadias repair
bipaddled island flap, 241
split preputial flap technique, long term review, 236
Pressure sores, ischial, treatment with inferior gluteus maximus musculocutaneous island flap, 431
Pretibial defects, reconstruction of soft tissue defects of lower leg with distally based medial adipofascial flaps, 132
Pretibial wounds, healing of grafted wounds, comparison of early and late mobilisation, 127
Prosthesis, knee, reimplantation after infection, use of muscle flaps, 43

Q

Quadriceps apparatus, reconstruction following open injuries to knee joint using pedicled gastrocnemius musculotendinous unit as bridge graft, 190
Quality of Life indices, outcome measurement of low-priority plastic surgery, 117

R

Radial forearm flaps
  fascia-fat flap, restoration of facial contour in progressive hemifacial atrophy, 54
  lower lip reconstruction, vermilionplasty using medical tattooing, 422
  pharyngeal reconstruction, through-flow revascularization of tongue by, 419
Rationing of health care 162, 584 (letter to editor), 584 (letter to editor)
Rectus abdominis muscle, musculocutaneous flaps
  transverse *see* Transverse rectus abdominis musculocutaneous flap vertical, "turbo charging" for reconstruction of extensive chest wall defects, 103
Reinnervation, secondary skin flaps, 1
Renal transplant recipients, non-melanoma skin cancer, 86
Replantation, selective, with ulnar translocation, in multidigital amputations, 318
Research, surgical, experimentation and innovation, 90
Resource management 162, 006 (letter to editor), 007 (letter to editor)
Reverse flow flaps, deep venous system and (letter to editor), 290
Romberg's disease *see* Hemifacial atrophy, progressive

S

Saphenous venous flaps, histological and carbon perfusion study, 263
Scalp tourniquet (ideas and innovations), 194
Scapular flap
  free, lateral extension, 268
  island, in treatment of axillary postburn scar contractures, 108
Scars
  hyaluronan distribution, 483
  hypertrophic, hyaluronan distribution, 483
Scrotum, accessory, case report and review of literature, 579
Serratus anterior muscle flap, anomalous blood supply, 505
Seven flap-plasty, 372
Skin
  cancer, non-melanoma, renal transplant recipients, 86
  flaps
    diabetics, tolerance to ischemia, 15
    free sensate secondary: patterns of reinnervation and neovascularisation, 1
    prefabrication, value of delay phenomenon, 149
    scapular, in treatment of axillary postburn scar contractures, 108
    super-thin, 457
    super-thin, microvascular augmentation of occipito-cervico-dorsal flap, 465
    survival, effect of allopurinol on experimental ischaemic island flaps, 155
  grafts
    angiogenesis promoters, quantitative study in freeze-injured model, 349
    effects of group G streptococcus, 346
    eyelid reconstruction, 57
    protection devices (ideas and innovations), 65
    split-skin grafts, use of stored skin, 24
Spine, thoraco-lumbar, anterior fusion, vascularized iliac bone graft based on pedicle of upper lumbar vessels, 425
Standards in plastic surgery, 381
Stereolithography, CT-guided, use in craniofacial surgery (ideas and innovations), 60
Stereophotogrammetry, assessment of correction of breast asymmetry, 95
Streptococcus, group G, and skin graft loss, 346
Super-thin flap, 457
  occipito-cervico-dorsal, microvascular augmentation, 465
Surgical research, experimentation and innovation, 90
Suture removal
  after cleft lip repair, use of EMLA (letter to editor), 206
  deep suture technique (letter to editor), 513

T

Tail, human, 288
Tamoxifen
  effect on fibroblasts, 378
  in treatment of desmoid tumours, 378
Tattooing, medical, vermilionplasty after radial forearm flap reconstruction of lower lip, 422
Thrombosis, microvascular, effects of ketorolac (letter to editor), 68
Tibial artery, posterior, fasciocutaneous free flap, use in reconstruction of limb defects, 502
Tibial vessels, posterior, anatomic basis and clinical applications of flaps based on (letters to editor), 291, 292
Tissue expansion, fat autografts, free transplantation after, 470
Tongue, through-flow revascularization using radial forearm free flap, 419
Tongue flap treatment of cleft palate (letter to editor), 294
Toremifene, in treatment of desmoid tumours, 378
Tourniquet, scalp (ideas and innovations), 194
Training, plastic surgery, 280
Transverse rectus abdominis musculocutaneous (TRAM) flap for breast reconstruction, Fleur de Lys modification, 521

U

Ulna, translocation, selective replantation in multidigit amputations, 318
Ultrasound, diagnosis of breast implant rupture, 477
Umbilicoplasty for abdomen with thin adipose layer, 386

V

V-Y advancement flaps
  palmar reconstruction of finger injuries, 275
  palmar reconstruction of proximal defects of volar aspect of digits, 35
Van der Woude syndrome (letter to editor), 68
Veins, microvenous autografts, effects of cold storage on subsequent structure and function, 548
Velopharyngeal function, assessment using lateral videofluoroscopic images, 400
Velopharyngeal (speech) disorder (VP(S)D) without overt cleft palate (review), 223
Venous flaps, viability, role of perivenous areolar tissue and recipient bed, rabbit ear model 10, 583 (letter to editor), 583 (letter to editor)
Venous grafts, microcirculation, direct monitoring in experimental flaps with afferent arteriovenous fistulas, 554
Venous system, deep, and reverse flow flaps (letter to editor), 290

W

Wound healing
  angiogenesis promoters, quantitative study in freeze-injured skin graft model, 349
  grafted pretibial wounds, comparison of early and late mobilisation, 127
